1.4 WE Apps

1.4.1 WE Quick Links

Tap and access all the major WE services from WE Quick Links. Get updates on our new devices, buy them online or find nearest retail shops, access our free WiFi and cloud services, or call customer care to get dedicated support directly. **WE** is dedicated to provide service to you, and WE Quick Links makes it more easier for you to connect with us.

1.4.2 WE WiFi

Access absolutely free WiFi from our WiFi hotspots spread across all major cities. Register and connect to free WiFi from the WE WiFi app and find your nearby free WiFi locations.

Registration:

1. Open WE WiFi.
2. Press Connect.
3. Register with your mobile number and press Verify.
4. A verification code will be sent to your mobile number at this point.
5. Put the code in the verification field and press Register Phone to complete the registration process.

1.4.3 WE Cloud

Access the first enterprise grade public cloud storage service in Bangladesh through WE Cloud app - completely FREE. Backup all your valuable photos and files in WE Cloud.

Registration:

1. Open the WE Cloud app.
2. Register with username, password and your phone number.
3. A verification code will be sent to the phone number provided.
4. This verification code will be automatically filled in the next screen, tap OK to continue.
5. At this point, if the registration was a success, your log in credentials will be filled automatically in the log on screen, otherwise an error will be shown.
6. Upon logging in, you can start enjoying WE Cloud services.
